

WMA40 Extension mount with inclination angle for ATEO4M

Highlights:

- · For horizontal and vertical placement
- · Adds additional inclination angle

Product information:

The WMA series incline bracket is specially designed for the ATEO4M speaker series. These brackets add an extra 30° angle to the already existing incline angle of ATEO speakers. This bracket opens the possibility the place the speaker horizontally or vertically at an angle up to 60° and ensures a perfect sound experience. The bracket extends the CleverMount+™ technology by complimenting the flow from the speaker cabinet to its bracket and maintaining the ease of installing the loudspeaker in one good-looking entity.

Properties:

Variants:

- WMA40M/B Black version
- · WMA40M/W White version
